Where Are The Slides?

This presentation will be a fun “Jeopardy game” style format.

Your presenters will ask the questions and you and your fellow hospice colleagues will guess the answers.

After “Final Jeopardy” we will go through a short slide deck to review the questions and answers.

This slide deck will be available to you AFTER the presentation!

In the meantime, feel free to study the following topics if you want to be the big winner!

- Constipation
- Dyspnea
- Opioids
- Appetite
- Anxiety
- Agitation
- Rectal Administration of Medications
